What we do

How we work

Our staff and volunteers are fully trained. We pride ourselves on being friendly and helpful and we understand people’s different physical and emotional needs.

Our services are tailored to each person’s needs and we are flexible, reliable and committed to giving you as much choice and control of your support as possible. We will work closely with you, discussing all assessments and plans with you. We will listen carefully to what you tell us is important – now and in the future – and we will record this on your individual support plan.
